Oboes and Bassoons

We are proud to be able to represent some of the finest makers of double-reed instruments in the world. Oboes, cors Anglais and oboes d'amore from England, France, Italy and the United States, bassoons and contra-bassoons from Germany and the USA. Because of the specialised needs of most of our customers, we do not usually keep instruments in stock, but bring these in when we know the specific requirements of our clients, so they are completely satisfied. In the years we've been in the business, we have had dozens of satisfied customers, many of whom we now count as friends, not just another number on the ledger! See the full details on pages 48 - 51.

Need an accompanist? Can't get one to rehearse with? We have a growing number of collections and methods for both oboe and bassoon with their own CD accompaniments, along with demonstration tracks to indicate tempi and expression. Although these are not intended to replace the "real" accompanist, they can provide invaluable help with preparation
